

## **2018 Interim Presentation**

### 26th July 2018

www.morganadvancedmaterials.com

• Introduction and key highlights – Pete Raby

• 2018 interim results – Peter Turner

• Operational and strategic update – Pete Raby

### Key highlights

- Strategy implementation remains firmly on track, with the strategy contributing to growth in the first half:
  - Further incremental investment of £7 million in research and development, sales effectiveness, and wider business infrastructure funded through £7 million of operational efficiency savings.
- Revenue growth of 7.8% and Group headline operating profit growth of 12.4% on an organic constant currency basis.
- Group headline operating profit margin was 11.8%.
- Headline EPS growth of 13.9% reflected improvement in operating profit, lower financing charges and a lower effective tax rate.
- Continued improvement in cash generation, with net debt:EBITDA 1.2 times.
- Our expectations for the full-year are now slightly higher than previously anticipated.

| EBITA margin % | 12.0%   | 13.2%   |   |  |

#### **Performance commentary**

- Strong project growth in Asia and Europe
- Margin decline driven by higher project activity, lower sales in the US and lower profitability in South America
- Higher Superwool® conversion

- Growth in automotive and passive fire protection
- Further Superwool<sup>®</sup> conversion
- Investment in sales and new product development to support growth
- Operational efficiency funding reinvestment

### Molten Metal Systems: performance summary

| £m             | 1H 2018 | 1H 2017 | % change from<br>1H 2017<br>As reported | Organic % change<br>from 1H 2017<br>At constant-currency |
|----------------|---------|---------|---|--|
| Revenue        | 24.5    | 23.9    | 2.5%                                    | 7.5%   |

| EBITA margin % | 14.7%   | 15.1%   |   |  |

#### **Performance commentary**

- Growth driven by a strong performance in North America and Asia, in particular India, in precious metal refining and aluminium casting for the automotive industry
- Margin declined slightly following planned investment in research and development

- Sales effectiveness remains a priority, including focus on value selling and distribution in key growth markets
- Ongoing operational improvements funding research and development and sales effectiveness

### Electrical Carbon: performance summary

| £m             | 1H 2018 | 1H 2017 | % change from<br>1H 2017<br>As reported | Organic % change<br>from 1H 2017<br>At constant-currency |

|                |         |         |   |  |

#### **Performance commentary**

- Growth in all regions, with particularly strong performance in Asia and North America
- Rail, wind, other renewable energy and semiconductor markets have delivered significant growth on prior year
- Margin improvement driven predominantly by volume increases offsetting the dilutive impact of divestments

- Growth opportunities in transport and wind markets
- Development and introduction of new products through the Carbon Science Centre of Excellence

### Seals and Bearings: performance summary

| £m             | 1H 2018 | 1H 2017 | % change from<br>1H 2017<br>As reported | Organic % change<br>from 1H 2017<br>At constant-currency |

| EBITA margin % | 18.4%   | 16.3%   |   |  |

#### **Performance commentary**

- Organic growth driven by the water, chemical and petrochemical markets partially offset by continuing weakness in the Korean automotive market
- Strong in year performance on armour programmes
- Excluding armour, organic revenue growth on core business was 5%
- Margins improved due to volume increases

- Growth opportunities targeted in automotive, aerospace, water pumps and consumer appliances
- Carbon Science Centre of Excellence to build our technical differentiation

### Technical Ceramics: performance summary

| EBITA margin % | 10.6%   | 11.3%   |   |  |

#### **Performance commentary**

- Aerospace, defence, semiconductor and medical markets all delivered strong growth
- Margins impacted by mix, notably a reduction in higher margin IGT sales, and the dilutive impact of divestments

- Growth opportunities in aerospace, medical and semiconductor
- Increasing research and development investment
- Improving sales effectiveness, especially key account management
- Improving yields and reducing scrap

#### **Performance commentary**

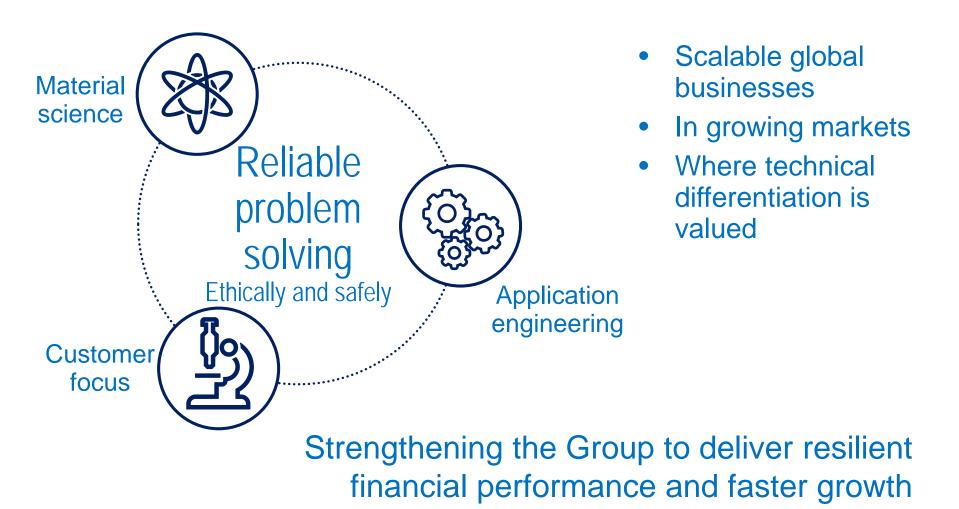

#### **Strategic focus**

• Lower sales to defence customers, leading to increased operating losses

 Business exit announced, exploring potential divestment and closure options

Our vision is to be renowned for world-class material science, application engineering and customer focus

### Six execution priorities

1. Move to a global structure

2. Extend our technology leadership

3. Improve operational execution

4. Drive sales effectiveness and market focus

5. Increase investment in people management and development

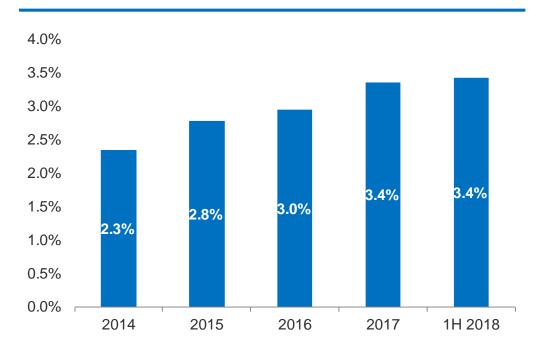

6. Simplify the business

Execution priorities highlighted in blue will be covered in the following slides

### 2. Technology investment on track

## Research and development as a percentage of sales 2014 – 1H 2018

- Investment in research and development increased by £2m on a continuing basis
- We expect to be spending an incremental £10m per year in 2018 compared to 2015, funded by operational improvements
- The four Centres of Excellence are driving a range of materials and process developments

# 4. We are focused on long-term process and capability development in our sales teams

| Process and<br>capability<br>improvement | <ul> <li>Pricing deployment underway in Electrical Carbon North America and Europe using the tools developed in the Thermal Europe pilot</li> <li>Sales teams restructured in Thermal and Electrical Carbon in North America and Seals and Bearings in Europe to bring greater focus on growth markets</li> <li>Design of our core training programme completed and first training event completed</li> <li>Wider training deployment starts in 3Q</li> </ul> |

| Incentivising for<br>growth              | <ul> <li>Sales incentive trials continue for four sales teams, with encouraging results so far</li> <li>Wider deployment planned in 2H to achieve broad coverage for 2019</li> </ul>  |

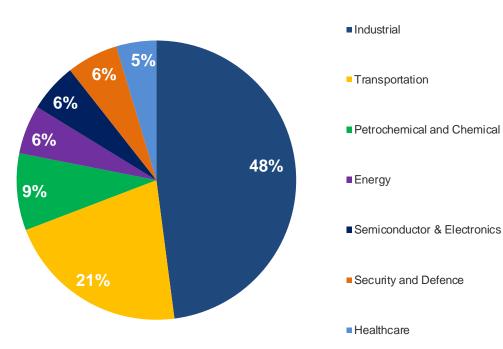

- Strategy implementation remains firmly on track, with the strategy contributing to growth in the first half.
- Revenue growth of 7.8% and Group headline operating profit growth of 12.4% on an organic constant currency basis.
- Headline EPS growth of 13.9% reflected improvement in operating profit, lower financing charges and a lower effective tax rate.
- Continued improvement in cash generation, with net debt:EBITDA 1.2 times.
- Our expectations for the full-year are now slightly higher than previously anticipated.
